

OUR NEW REALITY Resilience and Reconnection

Association for the Treatment of Sexual Abusers
40th Annual Research and Treatment Conference

Dear Colleague,

The Association for the Treatment of Sexual Abusers is pleased to announce that we will present the 40th Annual ATSA Research and Treatment Conference through a virtual platform on September 28 – October 1, 2021.

As annual supporters of the ATSA conference we thank you for your continued support and patience with the chaos we have all experienced as professionals in the face of this pandemic. Planning for an in-person conference takes over a year. This year, planning the conference was made more difficult by the ever-changing data and urgency of the Covid-19 prevention efforts that varied in each sector. Taking all of these factors into consideration, and the very important fact that our international delegates from 16 different countries are still facing severe travel restrictions, it was a clear decision that #ATSA2021 would move to an online platform.

There are many benefits to a virtual platform, but the one we are most excited about is increasing ATSA's reach, and delegate's access to ATSA. We feel this online platform will continue to reconnect the work and lives of current and future members in our network through increased access to education, opportunity, and collaboration.

ATSA is offering several ways in which you can present your services, agency or company to the **approximately 2,000 professionals** who will be attending the online conference. The opportunity to restructure conference and increase accessibility to trainings is truly exciting. We have added creative ways to gain exposure for your agency or services, and a 4th day has been added to the program, dedicated to special interest meetings and virtual activities and receptions. We are committed to bringing attendees quality content and engaging trainings, networking opportunities, as we reach more delegates than ever before.

Information for #ATSA2021 regarding registration launch, pricing, continuing education, and the program of events will be forthcoming in mid-June. For the latest updates stay connected via [website updates](#), blast emails, [Twitter](#), and [Facebook](#).

We look forward to your participation during the ATSA 40th Annual Research and Treatment Conference.
